## Thrilling High-Tech Comedy

**"I can honestly say the performance you offer is  
BY FAR THE BEST WE HAVE HAD."**  
*-Susan Regan, Edson Elementary School*

AudioBody is a thrilling mix of technology, comedy, juggling, LED light shows, and live music! This inspiring performance will grab students' attention while addressing important topics such as bullying, making healthy choices, goal setting, and creative problem solving. This program also fosters students' appreciation for art, music, and technology. Tailored to fit all grade levels from K-12.
